PROJECTS

BarberStop Website

October 2018

<https://barbershop-app.herokuapp.com/>

- Collaborated in a small team to create a website for customers to schedule a service appointment on a barber shop. Administrator can create, delete, and edit services provided at the shop. Also adjust the operating times of the business.
- Created and organized the database to facilitate the storage and retrieval of data.
- Worked on calculating the time slots available based on the services booked and current availability.
- Technologies used: HTML, CSS, Bootstrap, JavaScript, jQuery, Node.js, Express, Express-session, MySQL, Sequelize.
- <https://github.com/aparakaki/BarberShop>

Zephyr Node Website

November 2018

<https://zephyr-node.herokuapp.com/>

- Created a productivity website, with a small team, for people to create flashcards, reminders, notes, lists to help them study and organize themselves.
- Used Twilio to send reminders via text to users, and Cron to check every minute for any alerts needed to be sent.
- Organized the database for easy access to data.
- Technologies used: HTML, CSS, JavaScript, React, Twilio, reactstrap, bcrypt, reactflippy, nuka carousel, node-cron, MySQL, Sequelize.
- <https://github.com/aparakaki/ZephyrNode>

WORK EXPERIENCE

Crown Poly

Huntington Park, CA

Mechanical Engineer, Quality Control

July 2015 – February 2017

- Managed the Quality Control Department.
- Designed tools to facilitate the testing of products.
- Trained quality control inspectors, packers and operators on the quality standards, and made sure they were being followed.
- Evaluated customers' returns to find the cause of the problem, how to prevent it, and estimate the extend of the damage.

EDUCATION

University of California, Irvine

Irvine, CA

- Bachelor of Science in Mechanical Engineering
 - Specialization in Design of Mechanical Systems
- Minor in Spanish

UCLA Extension

Westwood, CA

- Web Development, Full-Stack Certificate

El Camino Community College

Torrance, CA

- Computer Science Courses:
 - Basic C++, Python, Java
